- Time:** 4.30pm – 7.30pm
6.00pm official welcome by
Tony de Govrik - Company Secretary and National Treasurer, ACLA and
Anthony Viel - Australian Managing Partner, Forensic and Dispute Services, Deloitte
- Venue:** Deloitte
Level 9 Grosvenor Place
225 George St
Sydney NSW 2000
- RSVP:** Wendy Foster
Wednesday 16 September 2009
email: acla@musketeer.com.au
- Enquiries:** Tel: +61 (0) 2 9924 7331

Paid parking available via Essex St under Grosvenor Place.

This event is free of charge to ACLA members and their guests – registration is essential.

Drinks and canapes will be served throughout the evening.

In conjunction with the NSW Division of the Australian Corporate Lawyers Association (ACLA), Deloitte Forensic is proud to host the 2009 ACLA Legal Resources & Technology Showcase at Deloitte's Sydney office on Tuesday 22 September.

This event was held in Melbourne earlier this year and Sydney last year, and was hailed as a resounding success from attendees and exhibitors alike.

This premium event provides legal practitioners with unprecedented access to legal, compliance and risk management products all delivered using easy-to-use technology.

We cover important practice areas such as:

- Litigation support
- Document assembly
- Compliance training
- Matter management
- Contract management
- Information exchange
- Governance management

This showcase will allow you to interact and explore the benefits first hand. These products provide you with an opportunity to deliver superior service to your organisation.

A selection of exhibitors include:

Deloitte.

Forensic Foresight
Sharpen your reflexes

Leadership Academy™

Leadership Academy™

Leadership Academy™ is a unique online learning management and networking solution that develops the management and leadership skills of Senior Executives and connects them within a community of business leaders.

Manage your business-critical documents more efficiently, more securely

DocsCorp's suite of pdfDocs products enables corporate lawyers to share business-critical documents with external parties; protect these documents so they cannot be changed or modified; and to compare new versions of a document against the original for any changes. Compare Word to Word, PDF to PDF and even Word to PDF!

The pdfDocs Solutions Suite completely integrates into core business applications such as MS Office and MS SharePoint to streamline workflow, increase productivity, reduce costs and eliminate risks. For more information www.docscorp.com

Exari

Exari is a global leader in automated contract creation and processing for large enterprises. Our solutions ensure that controls, compliance, and best practices are promulgated throughout the entire enterprise.

Exari enables business users to close deals quickly with self-service contracts, gives the legal team greater control over which clauses are used in which circumstances, and provides senior management with better visibility into contract and risk data for improved decision-making.

Lex

For over 10 years, Richard and Justin Hansen have been making software to help in-house lawyers manage their matters, contracts and intellectual property. Their LEX software is used daily by a large number of in-house legal teams, big and small, in the government, university and private sectors.

LexisNexis

The LexisNexis Advantage. Transform the running of your legal department with LexisNexis' new workflow solutions. LexisNexis can match your workflow needs with trusted research solutions coupled with the right technology to help you win.
